

POWERING THE SPACE WORKFORCE: SKILLS INSIGHTS FOR INDUSTRY LEADERS

Critical Skills

Scotland's space sector is evolving, and ensuring the workforce is equipped with the right practical skills is vital for sustainable growth.

Training Solutions

Once the gaps are identified, we can start mapping short-course programs that equip the workforce for immediate impact.

Skills Employers Group

Bringing together key industry representatives to explore the skills the sector urgently needs, how training can address these gaps, and understand the scale and location requirements for delivery.

Have Your Say

RSVP by 4th November 2025 to confirm your attendance and nominate a suitable representative for this crucial discussion.
